

TECH READY WANGARATTA

If you have a passion for technology, Infoxchange's **Tech Ready** program (supported by the Victorian Government) can help you get the skills and qualification you need to start your career journey.

We'll support you every step of the way.

- We'll fund your tuition in **Certificate III in Information, Digital Media and Technology** to give you the foundation skills you'll need to use digital technology in the workforce.
- Step towards a career in UX design, app development, web design, data science, cyber security, digital marketing and more.
- Take part in fun and creative workshops using a variety of tools and applications.
- We'll connect you with industry professionals and help you improve your confidence applying for jobs with practical workshops on job interview skills and building your CV.

Apply now to kick start your career in tech.

KICK START YOUR CAREER IN TECH

**FEBRUARY 2020
– JULY 2020**
